

Aaron Brunko

Aaron Brunko is Xactware's assistant vice president of ClaimXperience, Claims Solutions. Aaron's team is responsible for creating products that connect policyholders to the Xactware ecosystem to enhance their "ClaimXperience" and increase efficiencies for claims professionals. He also serves on the Xactware Senior Leadership Committee, where he helps create claims solutions across all products. Aaron joined Xactware in 2001 and has worked in technical support, quality assurance, Xactimate testing, national account sales, training, and implementation (as project manager) and as a technical account manager and a project manager for XactContents. Aaron holds a bachelor's degree in business management from Western Governors University.
