Report of Direct Written Premiums for the Year Ended December 31, 2020

To be used for 2022 Membership Dues Allocation

The annual operating expenses of the Property & Liability Resource Bureau are equitably allocated among the members on the basis of their respective premium writings. Each November, the Board of Directors sets a *dues rate* based upon certain premium writings of all the membership and the approved budget for the forthcoming year.

This rate will be applied to your net premiums, as totaled below, in calculating your 2022 dues allocation. **Please be sure to include the premiums of all companies in the group or fleet.** Return this report with a copy of page 19GT or page 8 from your 2020 Annual Statement. When reporting for a group, please attach a list of the companies included.
